**LIFE PRISONER EVALUATION REPORT
SUBSEQUENT PAROLE CONSIDERATION HEARING #2
FEBRUARY 2003 CALENDAR**

CASTANEDA, MARTIN

E89355

I. COMMITMENT FACTORS:

- A. **Life Crime:** Attempted Act of Murder 1st Degree, 664 / 187 (a), with enhancements for 12022.5 P.C. Use of Firearm and 12022.7 P.C. Great Bodily Injury. Los Angeles County Case #KA005779, Count 1, sentenced to 7 years to Life. The five year enhancement for PC 12022.7 P. C. were ordered to run concurrently with Count 1 (Life crime). Victim: Fidel Carreon, age unknown. MEPD: 3/21/98. Receive into CDC: 3/21/98.

1. **Summary of Crime:** On 10/8/90, Castaneda, apparently had a physical altercation with the victim's brother, Jorge Carreon, over his ex-girlfriend. The victim, Fidel Carreon, intervened and broke up the altercation. As Castaneda was leaving the location, he yelled out, "Varrio Azusa" and "I'll be back."

On 10/9/90, at about 8:41 p.m., Castaneda and unknown companions drove his vehicle to the victim's residence located at 500 North Virginia Avenue in the City of Azusa. Therefore, witnesses observed Castaneda and his companions to leave the vehicle and walk up to the victim's house. Finding the victim outside, Castaneda displayed a handgun and shot the victim five (5) times in the chest, groin and right arm areas. Castaneda and his companions then fled the location.

2. **Prisoner's Version:** In an interview for this report, Castaneda indicated that he didn't give his version of the crime for his 7/2001 Board Hearing because he requested a postponement of his Parole Consideration Hearing. He states due to the litigation pending in court and a court ruling on the evidentiary hearing on his writ of habeas corpus based on the BPT decision consideration hearing of July 21, 1999. However, Castaneda stated that his version of the crime remains the same as that provided for his 2/97 Subsequent Parole Consideration Hearing. In that report, Castaneda stated, "The incident was not planned. The night of the incident, I was at my home with some friends having a party. Ms. Lisa Luera and a female friend (Gloria) arrived at my home in the early morning hours with the intention that I spend the night with her at a motel

she had rented earlier. I declined to go with her. After a short argument and a fight between Ms. Luera and one of my female guests (Sharon Gomez), Gloria decided to leave without Ms. Luera. I asked Ms. Luera to leave, and she stated she needed a ride. I offered her a ride, which she accepted. I dropped her off at where she said her cousin lived. I then left the residence and was driving back home when I ran out of gas. I returned to the home where I had dropped off Ms. Luera and asked to borrow a gas can. When I arrived at the residence I called out for Ms. Luera to come out. At that time a Mexican male occupant came out and asked me what I wanted. I said that I wanted to speak to Ms. Luera because I had run out of gas. The man told me that Ms. Luera wasn't there. After a few minutes of arguing, I told the man that I didn't want any trouble. The man jumped over the chain-linked fence and started fighting with me.

While defending myself, I noticed another male occupant came out of the residence and he began attacking me. After about five to ten minutes, Ms. Luera came out of the residence and yelled, "OK! I'll give him a ride to get some gas." I told Ms. Luera it was too late. She ran back into the house. I ran from the two occupants. After what I thought was a safe distance, I started walking backwards making sure that no one was following me. At that time, one of the occupants ran towards the back into the residence and within a matter of several seconds he returned firing a weapon several times at me. He started running towards me, so I turned around and started running up the street towards my residence, which was about 30 minutes away on foot, leaving my car unattended. I arrived at a friend's house about five blocks away. I got enough gas to get home. I arrived home at about 2:45 a.m. I drank heavily throughout the night because of the pain and swelling from the fight. In the morning, still intoxicated and angry that these two individuals attacked me, I left the house to get some more gas for my car. Along the way, the car ran out of gas again. Two of my friends helped me push the car to the gas station. I drove by the house where the fight took place and one of them (Fidel Carreon) was outside watering the grass. I stopped the car around the block and told my friend to drive. I walked up to Fidel and asked him why his brother (Jorge) jumped me and then fired shots at me. I told Fidel I wanted to talk to the other guy. I pulled out a gun from my pocket and fired several shots at him, ran to the car and left the scene.

In conclusion, let me state that I am truly sorry, and I make no excuses for my actions. I take full responsibility for my mistakes."

On 3/24/92, U.C.C. elected to raise the prisoner's custody to Close "A" based on substantial information in his file to adequately support a past history of involvement in violent activities while incarcerated. This information consists of a confidential memo dated 8/12/91 documenting Street Gang Association (AZUSA 13). At PBSP Facility "A" had an on-going management problem with inmates of Hispanic background. Castaneda's case was reviewed on 6/26/92, by U.C.C. and referred to the CSR with a recommendation for a transfer to RJD with an alternate WSP-III. Rationale for a transfer was that the prisoner was out of level and he was requesting a transfer to an institution that was closer to his family. Committee elected to reduce his custody to Close "B" and place on the Educational waiting list for ABE II. The prisoner was endorsed for COR-III on 7/16/92 by the CSR. V. USINS STATUS: None.

VI. SUMMARY:

A. Considering the commitment offense, prior record and prison adjustment, this writer believes that the prisoner would probably pose a moderate degree of threat to the public at this time, if released from prison. This impression is based on Castaneda's disciplinary-free behavior since 02/28/00 and minimal participation in self-help group and therapy programs during this period. However, he is to be commended for completing a 44 week course in Anger Management, which he was awarded a Diploma of Graduation certificate. Since his last scheduled Board calendar dates 7/99 and 7/2001, Castaneda has not upgraded academically and vocationally in order to acquired a marketable skill and to prepare himself to work in today's society's work force. When discussing the Life crime, Castaneda expressed remorse for the victim and takes full culpability for shooting the victim. He recants his early statement in the probation officer's report, when he related to the detectives that he would do the same thing under similar circumstances, except that he would only use a bigger gun the next time. He stated that he vowed never to pick up a gun of any kind again. He now understands, due to a callous decision he made at that moment, he is dealing with the circumstances of his actions. Castaneda now believes at this point he would now take the beating, abstain from drinking alcohol and continue to seek therapy as a life long commitment in order to cope with street due to his impulsive behavior.

B. Prior to release the prisoner could benefit from remaining disciplinary-free, upgrade vocationally, participate in self-help and therapy programs such as Anger management Control classes in order to face, discuss, understand and cope with stress in a nondestructive manner.

- C. This Board Report is based upon a thorough review of the Central file and an Interview with Castaneda. Castanda reviewed his Central File on 4/16/03 per CDC 128B pursuant to the Olson Decision.
- D. No accommodation was required per the Armstrong vs. Davis BPT Parole Proceedings Remedial Plan (ARP) for effective communication.
